Product Design/UI/UX Design

Feb, 2022 - Aug, 2022

Experience

Intern at Digitec Hub

March, 2022 - till date

Teaching basics to coding and the basics of UI/UX designing

Teaching made me learn more and explore my skills in UI designing, and learning from my superiors on leadership skills and on staying organized.

Freelance UI/UX Designer

- **Designed my Personal Portfolio Website.**

Designing my portfolio meant coming up with my own ideas and doing my own research on how it was going to look like.

Due to this i learnt the use of colors and creating 3D objects.

- **The Lunar Period Calculator App**

The concept of this design is to keep track of menstrual cycle according to the Lunar calendar

Certifications

HTML, CSS, JavaScript, Sass, Tailwind CSS

Achievements

Certificate in Product Design/UI/UX Design from **Future Academy Africa Launchpad**
